Contents of Volume 1

Amsel, A. **Endnotes** 327

Amsel, A. **Précis of *Frustration Theory: An Analysis of Dispositional Learning and Memory*** 280

Anastasi, J. S. See Payne, D. G.

Benjafield, J. G. See Keenan, T. R.

Besner, D. See Bourassa, D. C.

Best, P. J. **David Olton (1943–1994): *In Memoriam*** ... 269

Bettger, J. G. See Medin, D. L.

Bitterman, M. E. **Amsel's analysis of reward-schedule effects** 297

Bloom, P. See Kelemen, D.

Bourassa, D. C., & Besner, D. **Beyond the articulatory loop: A semantic contribution to serial order recall of subspan lists** 122

Brooks, B. M. **A comparison of serial position effects in implicit and explicit word-stem completion** 264

Cabeza, R. **A dissociation between two implicit conceptual tests supports the distinction between types of conceptual processing** 505

Capaldi, E. D. **Introduction** 279

Capaldi, E. D. See Lyn, S. A.

Capaldi, E. J. **The relation between memory and expectancy as revealed by percentage and sequence of reward investigations** 303

Capaldi, E. J. **The sequential view: From rapidly fading stimulus traces to the organization of memory and the abstract concept of number** 156

Capaldi, E. J., & Proctor, R. W. **Contextualism: Is the act in context the adequate metaphor for scientific psychology?** 239

Daly, H. B., & Daly, J. T. **Persistence and the importance of nonreward: Some applications of frustration theory and DMOD** 311

Daly, J. T. See Daly, H. B.

Domjan, M. **Formulation of a behavior system for sexual conditioning** 421

Fanselow, M. S. **Neural organization of the defensive behavior system responsible for fear** 429

Fanselow, M. S. See Timberlake, W.

Fristoe, N. See Green, L.

Gardiner, J. M., Gawlik, B., & Richardson-Klavehn, A. **Maintenance rehearsal affects knowing, not remembering; elaborative rehearsal affects remembering, not knowing** 107

Gawlik, B. See Gardiner, J. M.

Green, L., Fristoe, N., & Myerson, J. **Temporal discounting and preference reversals in choice between delayed outcomes** 383

Greenberg, S. N. See Koriat, A.

Haase, S. J. See Langston, W.

Hawley, K. J. See Johnston, W. A.

Healy, A. F. **Letter detection: A window to unitization and other cognitive processes in reading text** 333

Hogan, J. A. **Structure and development of behavior systems** 439

Hulse, S. H. **The other side of the coin: Cognitive properties of nonreward** 318

Johnston, W. A., & Hawley, K. J. **Perceptual inhibition of expected inputs: The key that opens closed minds** ... 56

Jonas, D. See Maki, R. H.

Kallod, M. See Maki, R. H.

Keenan, T. R., & Benjafield, J. G. **An additional measure of availability derived from the *Oxford English Dictionary*** 255

Kelemen, D., & Bloom, P. **Domain-specific knowledge in simple categorization tasks** 390

Kennedy, J. M. See Liu, C. H.

Killeen, P. R. **Frustration: Theory and practice** 323

Koriat, A., & Greenberg, S. N. **The extraction of phrase structure during reading: Evidence from letter detection errors** 345

Kruley, P. See Langston, W.

Kubovy, M. **The perceptual organization of dot lattices** 182

Langston, W., Ohnesorge, C., Kruley, P., & Haase, S. J. **Changes in subject performance during the semester: An empirical investigation** 258

Liu, C. H., & Kennedy, J. M. **Symbolic forms can be mnemonics for recall** 494

Loftus, G. R., & Masson, M. E. J. **Using confidence intervals in within-subject designs** 476

Lyn, S. A., & Capaldi, E. D. **Robust conditioned flavor preferences with a sensory preconditioning procedure** 491

Maki, R. H., Jonas, D., & Kallod, M. **The relationship between comprehension and metacomprehension ability** ... 126

Maki, W. S., & Padmanabhan, G. **Transient suppression of processing during rapid serial visual presentation: Acquired distinctiveness of probes modulates the attentional blink** 499

Masson, M. E. J. See Loftus, G. R.

Medin, D. L., & Bettger, J. G. **Presentation order and recognition of categorically related examples** 250
Myerson, J. See Green, L.

Neill, W. T., Terry, K. M., & Valdes, L. A. **Negative priming without probe selection** 119

Ohnesorge, C. See Langston, W.

Padmanabhan, G. See Maki, W. S.
Palmer, S., & Rock, I. **On the nature and order of organizational processing: A reply to Peterson** 515
Palmer, S., & Rock, I. **Rethinking perceptual organization: The role of uniform connectedness** 29
Pashler, H. **Divided attention: Storing and classifying briefly presented objects** 115
Payne, D. G., Toglia, M. P., & Anastasi, J. S. **Recognition performance level and the magnitude of the misinformation effect in eyewitness memory** 376
Peterson, M. A. **The proper placement of uniform connectedness** 509
Proctor, R. W. See Capaldi, E. J.

Richardson-Klavehn, A. See Gardiner, J. M.
Rock, I. See Palmer, S. (2)
Roediger III, H. L. **Editorial** 1
Roediger III, H. L. **Editorial: What should a brief report be?** 139
Rohrer, D. See Wixted, J. T.

Schellenberg, E. G., & Trehub, S. E. **Frequency ratios and the perception of tone patterns** 191
Schwartz, B. L. **Sources of information in metamemory: Judgments of learning and feelings of knowing** ... 357
Shepard, R. N. **Perceptual-cognitive universals as reflections of the world** 2
Shettleworth, S. J. **Commentary: What are behavior systems and what use are they?** 451
Silva, F. J. See Timberlake, W.
Strubbe, J. H. See Woods, S. C.

Terry, K. M. See Neill, W. T.
Timberlake, W. **Behavior systems, associationism, and Pavlovian conditioning** 405
Timberlake, W., & Fanselow, M. S. **Symposium on behavior systems: Learning, neurophysiology, and development—Introduction** 403
Timberlake, W., & Silva, F. J. **Observation of behavior, inference of function, and the study of learning** 73
Toglia, M. P. See Payne, D. G.
Trehub, S. E. See Schellenberg, E. G.

Valdes, L. A. See Neill, W. T.

Williams, B. A. **Conditioned reinforcement: Neglected or outmoded explanatory construct?** 457
Williams, B. A. **Contingency theory and the effect of the duration of signals for noncontingent reinforcement** 111
Wixted, J. T., & Rohrer, D. **Analyzing the dynamics of free recall: An integrative review of the empirical literature** 89
Wolfe, J. M. **Guided Search 2.0. A revised model of visual search** 202
Woods, S. C., & Strubbe, J. H. **The psychobiology of meals** 141
